MBBS, D.ORTH, M.S (ORTH)

**FELLOW OF THE ASSOCIATION OF
OSTEOSYNTHESIS (F.AO)**

**FELLOW OF ARTHROSCOPY AND
ARTHROPLASTY (S I)**

After completion of Post graduation in Orthopaedic Surgery from the University of Bombay in 1983, I worked as Senior Resident in Dept. of Orthopaedics till March 1988.

In March 1988 I was offered a position as Specialist in Trauma and Orthopaedics in King Fahd Hospital, Jeddah, Saudi Arabia, where I worked until 1996.

King Fahd Hospital, Jeddah is a 1000 bedded tertiary care centre, a referral centre for Western region of Saudi Arabia. On an average 3000 to 4000 Orthopaedic surgeries, both major and minor, were done per year. A centre of excellence with in-house facilities for all types of imaging studies, such as CT, MRI, Bone scan etc. In addition there were other super specialities such as Plastic Surgery, Vascular Surgery, Cardiac and Chest Surgery. It was also a centre for Renal transplants.

In 1994, I did my training in basic and advance AO courses and completed my AO Fellowship in Trauma and Joint replacement under Prof. Med. Dr. S. Weller in B.G.Trauma hospital Tubingen, Germany.

In 1997, I was appointed as a Specialist in Armed Forces hospital, Muscat, Sultanate of Oman. This was state of the art referral centre for all the Military personnel and their relatives in the country.

It was significant experience in dealing with complex trauma and fractures. In 2005, I joined The Directorate of Health services Oman, as Senior Specialist in Department of Orthopaedics and Trauma in Khoula hospital.

Koula hospital is the tertiary care centre for Orthopaedics and trauma and a referral centre for the whole country of Sultanate of Oman. I had independent charge of the admissions and ward.

I was also active as a tutor for Arab Board for training Orthopaedic surgeons in Oman.

This centre of excellence was equipped with state of the art facilities in Imaging and other peripheral facilities besides Vascular surgery, Plastic Surgery, Neuro Surgery.

I worked in Khoula hospital until 2014 before my return to Goa.

I have more than three decades of experience in handling complex fractures and Polytrauma.

My forte is complex fractures, Adult Reconstructive Surgery with joint replacement. My special interest is in sports injuries and focused on Arthroscopic surgery of the knee and ligament reconstruction.

OPD Timings: Monday & Thursday 11 am to 12 pm
